

TAILOR KHAY

Our Services

Tailor Khay offers full-service custom tailoring for men and women, from everyday wear to bridal and special occasion outfits. Below is an overview of what we do.

Custom Tailoring

Bespoke design and construction of native wear, corporate wear, casual wear, and gowns, built to the client's exact measurements. Includes a measurement session and at least one fitting.

Bridal & Aso-Ebi

Wedding gowns, bridal party outfits, and coordinated aso-ebi styling for asoebi groups. Bridal orders include two fittings and a final trial before the event date.

Corporate & Uniform Tailoring

Bulk tailoring for office uniforms, event staff wear, and matching family outfits, with discounted rates for orders of 10 pieces or more of the same design.

Alterations & Repairs

Resizing, hemming, zip replacement, and general repairs on both Tailor Khay pieces and outfits from elsewhere.

Fabric Sourcing & Styling Advice

For clients without fabric, we can source Ankara, lace, brocade, and other materials from trusted suppliers, and advise on styles that suit the occasion and body type.

How It Works

- **1. Consultation:** discuss style, fabric, and budget (in person or via WhatsApp).
- **2. Measurement:** in-house or a home/office visit at an added fee.
- **3. Deposit:** 50% deposit required to begin cutting and sewing.
- **4. Fitting:** at least one fitting for adjustments before completion.
- **5. Collection/Delivery:** balance due before or on collection/delivery.
